# HTML

# Mistake

# You Should

# Avoid

Swipe

# Don't place **block** elements within **inline** elements

```
<h2><a href="#">Inline block elements</a></h2>
```

Don't use this

```
<a href="#">  
  <h2>This is heading2 tag</h2>  
</a>
```

use this

# Always have the alt attribute for **image** tag

```

```

Don't use this

```

```

use this

# Don't use `<b>` and `<i>` for bolding and italicizing

```
<b>This is bold but wrong format</b>
```

Don't use this

```
<strong>This is bold and right format</strong>
```

use this

# Avoid inline style

```
<h2 style="color: red;">Wrong</h2>
```

Don't use this

```
<h2 class="red">Right</h2>
```

```
.red{  
  color: red;  
}
```

use this

# Not using the **figure** element

```

```

Don't use this

```
<figure>  
    
  <figcaption>Girl in the jacket</figcaption>  
</figure>
```

use this

## use semantic element

```
<div id="header"></div>
<div id="footer"></div>
```

**Don't use this**

```
<header>
  <! - - - - - !>
</header>

<footer>
  <! - - - - - !>
</footer>
```
